GROWTH MINDSET

Fixed vs Growth Mindset

Fixed	Beliefs	Growth
<p>People with fixed mindsets believe that:</p> <ul style="list-style-type: none"> Skills, intelligence and talents are natural Failure is shameful and should be avoided Some people are naturally good at things while others are not You are not in control of your abilities. 	Beliefs	<p>People with growth mindsets believe that:</p> <ul style="list-style-type: none"> You have the capacity to learn & grow your skills. Failure is a valuable lesson. People who are good at something are good because they built that ability. You are in control of your abilities.
<p>Not Necessary or Useful See effort as a negative thing and something you do when you're not that good.</p>	Effort	<p>An important part of the Process Focused on the process of getting better</p>
<p>Avoid Back down and avoid challenges</p>	Challenges	<p>Embrace More likely to embrace challenges and persevere</p>
<p>Avoid Get discouraged when making mistakes and avoid them</p>	Mistakes	<p>Improve See mistakes as learning opportunities and ways to improve</p>
<p>Defensive Get defensive, take it personally, ignores useful criticism/feedback</p>	Feedback	<p>Constructive Appreciate the feedback and use it. Learns from criticism</p>
