Subject: Report on Poster Making Competition organised by Energy Club on dated 24-05-23.

25/05/2023

Respected Sir,

I Chetna Jhagta on the behalf of co-ordinator of "Energy Club" providing here a detailed report on the poster making competition conducted today dated May 24, 2023 in collaboration with "life skills" and "Eco club". The competition was aimed to promote awareness and encourage creativity among students regarding energy conservation and sustainable practices. Below, I have outlined the key details and outcomes of the event.

Event Details:

- Name: Poster Making Competition on topic "Green Energy"
- Date: May 24, 2023
- Venue: Examination Hall (Academic Block)
- Participants: 16 students
- Student Coordinators: 5 students (Ishant, Khushboo, Sidhant, Aditi, Tamanna)
- Evaluation Committee: Dr. Harish Kumar (Assistant Professor), Sh. Raneev Thakur (Assistant Professor), Dr. Pankaj Sharma (Assistant Professor)

The competition began promptly at 11:00 A.M. Each participant was provided with the necessary art supplies and given a timeframe of one hour to complete their posters. The student coordinators efficiently managed the event and ensured smooth operations, including the distribution of materials, timekeeping, and maintaining order during the competition. The Evaluation Committee selected three posters as the best entries in the competition. The winners are as follows:

1. First Position: Rishabh (2nd Sem.)
2. Second Position: Anshika (4th Sem.)
3. Third Position: Abhinav Bansal (2nd Sem.) & Anchal (2nd Sem.)

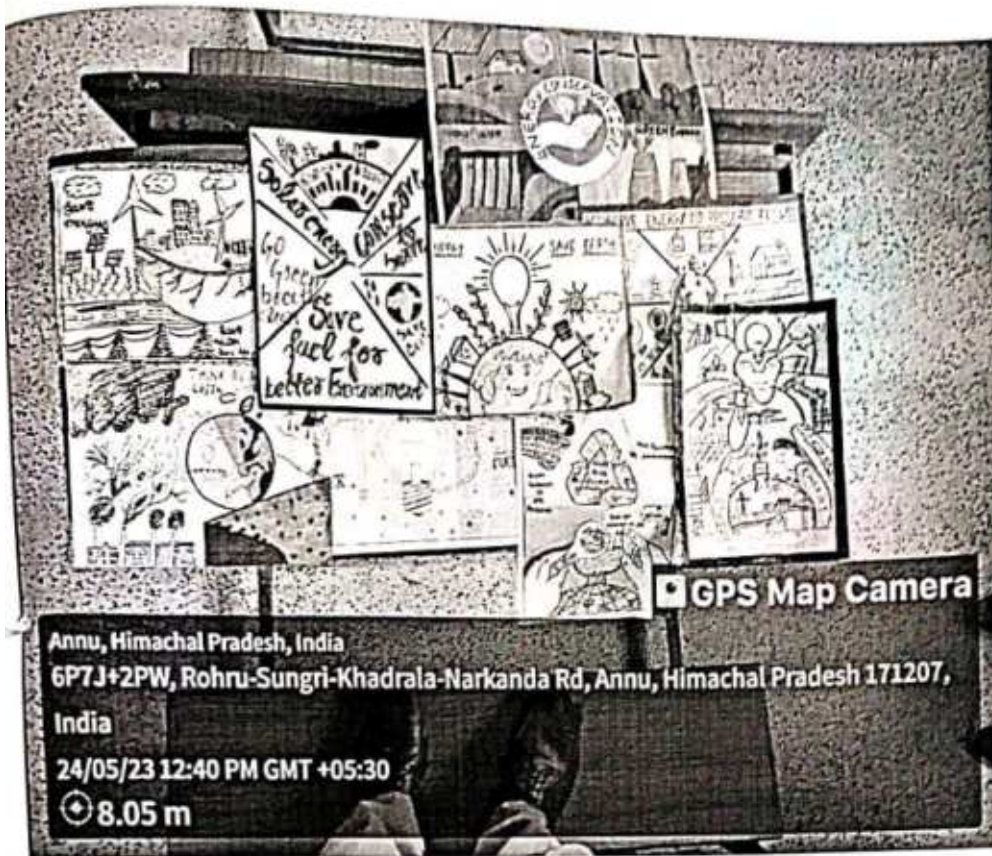

To acknowledge the outstanding efforts of the winners and all the participants including student co-ordinators, the Energy Club will be awarding them with certificates. The poster making competition conducted by the Energy Club on May 24, 2023, was a successful event that not only showcased the creativity and talent of the participants but also contributed to spreading awareness about energy conservation and sustainability. The active participation of the students and the dedication of the student coordinators played a crucial role in the smooth execution of the competition. We are confident that this event has had a positive impact on the student's understanding and appreciation of energy-related issues.

In this regard, I hereby submit the photographs of the event.

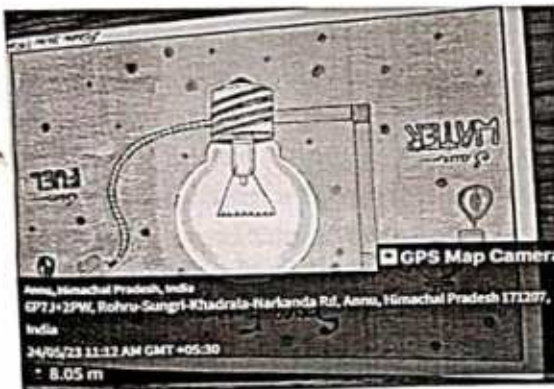

Thanking you.

CONCRETE DOCUMENTED AND OUTCOME BASE STEPS FOR "PLASTIC FREE CAMPUS"

Introduction:

The Plastic-Free Campus Report provides an overview of the efforts and progress made by Government College of Pharmacy Rohru towards achieving a plastic-free environment within its premises. This report highlights the initiatives undertaken, challenges faced, and the outcomes achieved in reducing plastic waste on campus.

Objectives:

The key objectives of the plastic-free campus initiative at Government College of Pharmacy Rohru were:

- ✓ Minimize the use of single-use plastic items on campus.
- ✓ Promote sustainable alternatives to plastic.
- ✓ Raise awareness among students, faculty, and staff regarding the environmental impact of plastic waste.
- ✓ Encourage recycling and proper waste management practices.

Initiatives Undertaken:

Government College of Pharmacy Rohru implemented several initiatives to reduce plastic waste on campus. Some of the major initiatives include:

- **Plastic-Free Policy:** A comprehensive policy was developed to restrict the use of single-use plastic items, such as plastic bags, bottles, straws, and cutlery, on campus. This policy was communicated to all stakeholders, including students, faculty, staff, and vendors.
- **Infrastructure Support:** Water refill stations were installed at various locations across the campus, providing easy access to drinking water and reducing the need for single-use plastic water bottles. Additionally, recycling bins were strategically placed to encourage proper waste segregation.
- **Awareness Campaigns:** Regular awareness campaigns, workshops, and seminars were organized to educate the campus community about the environmental impact of plastic waste and promote sustainable alternatives. These initiatives aimed to foster behavior change among students and staff.
- **Sustainable Alternatives:** Government College of Pharmacy Rohru actively sought sustainable alternatives to plastic products. For instance, biodegradable and compostable alternatives were introduced in the cafeteria and other campus eateries. Eco-friendly stationery options were made available in campus stores.

Challenges Faced:

While striving for a plastic-free campus Government College of Pharmacy Rohru encountered several challenges, including:

- > **Resistance to Change:** Some individuals within the campus community were resistant to the transition away from plastic, necessitating additional efforts to raise awareness and address concerns.
- > **Availability of Alternatives:** Sourcing sustainable alternatives to plastic products, particularly in large quantities, posed a challenge initially. However, partnerships were established with local suppliers to address this issue.

Outcomes and Achievements:

The plastic-free campus initiative at Government College of Pharmacy Rohru has yielded positive results, including:

- > **Reduction in Plastic Waste:** The implementation of the plastic-free policy resulted in a significant reduction in the use of single-use plastic items on campus.
- > **Increased Recycling Rates:** Proper waste management practices, combined with increased awareness, led to higher recycling rates on campus.
- > **Behavioral Change:** The awareness campaigns and educational initiatives successfully fostered a sense of responsibility and behavioral change among the campus community, promoting sustainable habits beyond the campus premises.
- > **Community Engagement:** The plastic-free campus initiative generated widespread interest and engagement among students, faculty, and staff. It also served as a catalyst for collaborative efforts with local environmental organizations.

Future Steps:

To build upon the achievements and continue the journey towards a plastic-free campus, Government college of Pharmacy Rohru plans to:

- > **Strengthen Partnerships:** Forge stronger partnerships with local suppliers and sustainable product manufacturers to ensure a steady supply of plastic alternatives.
- > **Continuous Education:** Sustain awareness campaigns and educational programs to reinforce the importance of reducing plastic waste and promote sustainable practices.
- > **Research and Innovation:** Invest in research and innovation to develop and implement more sustainable solutions for specific plastic-dependent areas on campus.

Conclusion:

The plastic-free campus initiative at Government College of Pharmacy Rohru has made significant progress in reducing plastic waste and promoting sustainable practices.

Green Campus (Progress & Initiatives)

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind. Greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. Institute has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. The students, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly. In GCP Rohru, we practice and maintain the following criteria and policies to make it a pollution free and energy saving green campus. The major Green Campus Initiatives undertaken by the college are as follows:

1. Ban on use of Plastic: College continuously committed to work towards plastic-free campus. In the campus there is complete ban on single-use plastics in class room, labs canteens in the institution's premises and hostels. Plastic dustbins replaced with Wooden Kiltas for waste collection on the recommendation of Dr. Priyanka Nagu (Assistant Professor, Pharmaceutics).

Plantation Drive: Landscaping with trees and plants as per the green practices in the campus
GCP Rohru is moving in the direction of a Green Institution in planting more trees within and
outside the campus.

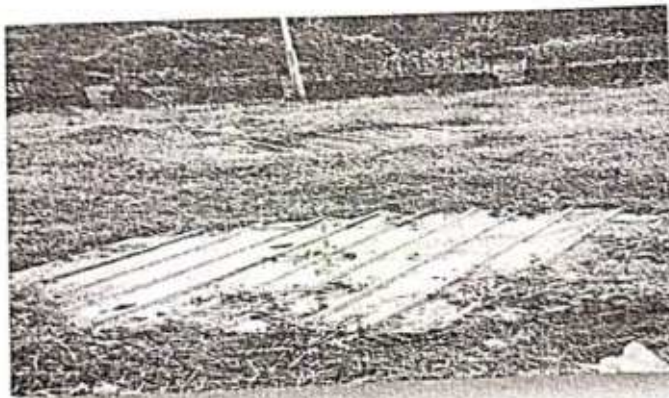

Cleanliness drive: Time to time cleanliness drive is conducted to create awareness among the students regarding cleanliness and to inculcate the habit of keeping their surroundings clean by eradicating all the plastic, weeds and garbage waste from the campus. Students also involved in unique activities like #1kg plastic dustbin challenge under NSS program.

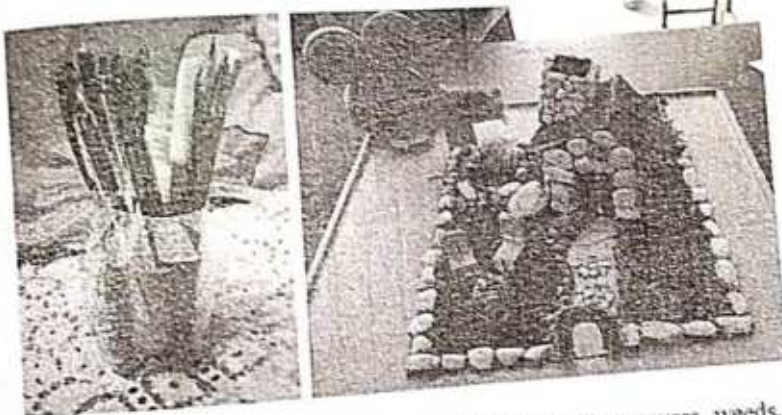

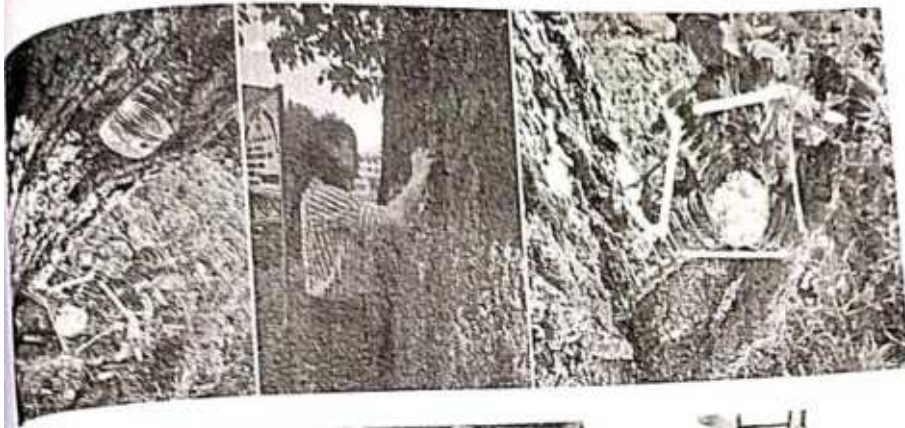

Solar facility: College has installed solar heaters for hot water in the girl's hostel having capacity of 2000L. The initiative has reduced the electricity bills and has also ensured the hot water supply especially in the long winters.

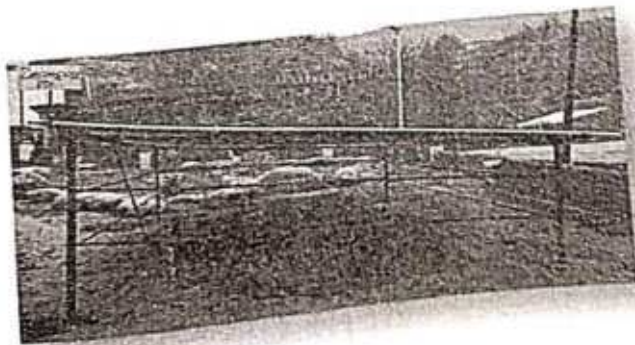

Rain water management: The College has rain water harvesting system to maintain the ground water level.

Recycling of Plastic waste: Students of GCP Rohru have recycled the plastic waste bottles and converted them into containers for water and food for birds. Some students recycled the plastic waste bottle into a creative pen stand and others involved in creative waste to wonder activity.

1. **Decompose Pit:** The compost generated in the pit by using plant covers, weeds, food, fruit rind & biodegradable waste material and is used in the medicinal garden instead of chemical fertilizers.

Restricted entry of vehicles: All the vehicles of college staff/ faculty members should be getting the emission certification before entering the vehicle in college campus. The college encourages the employees and students to frequently use public transport, bicycles, etc. to limit the emissions.

Reduction of Food wastage in Hostel Mess (Steps/Action Taken)

Food waste is one of the significant problems faced globally as these wastes tend to harm the environment enormously. Following steps undertaken at Govt. College of Pharmacy Rohru to avoid food wastage in hostel mess and college canteen:

- 1. Measure the waste volumes:** Measuring the quantities of wastage helps to know the exact amount of food needed on frequent basis. To ensure that the wastage should minimize students on leave or on outing whenever they want to skip the mess meal they intimate the mess workers in written.
- 2. Determining the quality of food:** It is noted that most of the wastage is due to the poor taste or bad quality of food served. Therefore, time to time feedback is taken from the students to ensure their satisfaction regarding the food served and also the Hostel warden ensures frequent check of food in the hostel.

Subject: Regarding permission and grant of funds for organizing a special camp under the NSS program.

12/6/2023

Respected sir,

With due respect I Shivani, NSS Programme Officer of the NSS Unit of Govt. College of Pharmacy Rohru planning to organize a 7 days NSS special camp which is a mandatory part of the NSS curriculum. The camp is an opportunity for the volunteers to acquire leadership qualities, and develop a sense of involvement in the task of nation-building. The camp will be organized at the adopted Village Karalash, Rohru for the overall development of the village, A total number of 25 NSS volunteers will participate in the special camp. We need a transportation facility also to reach there on the scheduled dates.

The schedule of the special camp is as follows:

Venue	Date	Activity
Govt. College of Pharmacy, Rohru	12/06/2023	Orientation and Inauguration Ceremony of Camp
Village Karalash, Tehsil Rohru, Distt. Shimla (H.P.)	13/06/2023	Sewage problem solving discussion with SDM Rohru
	14/06/2023	Blood Donation Camp
	15/06/2023	Cleanliness drive (cleaning, disposal of garbage, and collection of plastic)
	16/06/2023	Disaster management mock drill
	17/06/2023	Cleanliness of natural water resources
	18/06/2023	Awareness on different aspects through cultural activities & Closing ceremony of Camp

Therefore to accomplish the above-stated task we need financial assistance from the NSS fund. The total needed amount will be spent as follows:

Sr. No.	Component	Rate per volunteer for 7 days	Total Amount for 25 volunteers for 7 days
1.	7-days Residential camp	₹100/- x 7 = ₹700/- per volunteer for 7 days	₹700 x 25 = ₹17500/-

Kindly approve my application. I shall be highly obliged.

Thanking you.

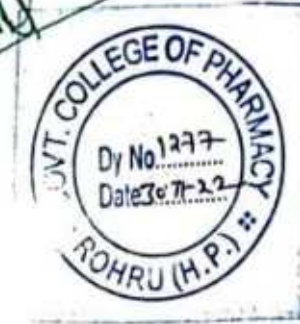

Sincerely,

Shivani
