NSS activities have been classified into two major groups:-

A) Regular NSS Activities:

Students undertake various activities in the Adopted villages, college campus, and urban slums during weekends or after college hours.

The volunteers undertake various activities in adopted villages and urban slums for community service. They should put in 120 hours of service such as:

i. Orientation of NSS volunteers - 20 hours. (Lectures, discussions, field visits, audiovisuals)

ii. Campus work/ project involved in the projects for the benefit of institution and college students 30 hours

iii. Community service in adopted villages/ urban slums -70 ours

B) Special Camping Programme:

Camps of 7 days duration are organized in adopted villages/urban slums during vacations with some specific project by involving the local community. 50% enrolment of NSS volunteers is expected to participate in these camps.

Program could be evaluated by the organization based on Regular activity and Special Camp activities.

At the end of the program students will be able to learn about their strengths and weaknesses and learn amazing skills, and qualities like leadership and teamwork among people with different streams. In this program, students will explore different cultures, mentalities and actual situations/problems in different parts of the state, in villages, in different parts of the country, and even different nations through NSS special camps, state camps, National camps, and International Exchange programs. Students learn a lot about participating, performing, and organizing an event. It helps in developing public speaking quality. It makes you a socially active and responsible person. You will learn to stand up differently among the crowd. The program develops problem-solving skills, and will be able to solve real-life and practical problems.

3. Spoken Tutorial Course (Introduction of Computer, Avogadro, Jmol, Linux & Vnuntu, Scilab, Biopython & Libre Office Suite):

Spoken Tutorial is a multi-award-winning educational content portal. A spoken tutorial is an audio-video tutorial that explains an activity performed on the computer. An expert explains the working of software, by demonstrating it on the screen, along with a running commentary. Through this platform students can learn various Free and Open Source Software all by oneself. The self-paced, multi-lingual courses ensure that anybody with a computer and a desire for learning can learn from any place, at any time and in a language of their choice. In the institute Sh. Pankaj Jinta (Assistant Professor, Pharmacognosy) holds the charge of Spoken tutorial. Around 246 students of GCP Rohru underwent training under the program and successfully qualified. The program provided an opportunity for students to learn various open-source softwares through recorded lectures delivered by experts from IIT Bombay. Under this program, students are trained in the software every semester, and at the end of the semester, they take an online test conducted by IIT Bombay to earn certifications.
