5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The Government College of Pharmacy, Rohru was established in 2005, offering the Bachelor of Pharmacy program. Over the years, 16 batches have successfully graduated, and many alumni now occupy esteemed positions in various sectors including industry and academia. The college is committed to uniting its alumni on a common platform to provide personal and professional support through a self-help community. Currently, we do not have a registered alumni association; however, the registration process is underway and is expected to be completed by early 2025.

While the dedicated space for the alumni association on the website is still under development, the institute has established an online presence across various social media platforms and facilitates direct interactions. Through these channels, alumni actively contribute to the welfare of current students, focusing primarily on career guidance and placements.

The mission of the alumni group is to foster a dynamic, global network that actively engages alumni in the institute's development. Alumni are frequently invited to participate in guest lectures, career discussions, workshops, and other events. Additionally, arrangements are made for alumni to directly interact with students, offering guidance and opportunities for their professional growth.

The prime focus of alumni engagement includes:

- Organizing successful reunions, initiated from the academic year 2021-22 with the first online alumni meet of the institute. The institute commits to hosting such events annually to facilitate direct interaction and benefits for current students.
- Involving alumni in student development through participation in ongoing academic activities such as teaching, research, workshops, conferences, and placements.

- Initiating processes to promote relevant fundraising activities for the development of the college.
- Promoting best practices in various areas of social life for the benefit of society.
- Promoting the possibilities of raising funds for research and scholarships for needy students through alumni contributions.

To foster a strong relationship, the College maintains regular contact with alumni and former faculty through various email groups and social networking platforms like Facebook, Instagram, etc. Former faculty and alumni actively participate in major college functions such as workshops, orientations, and career guidance sessions.

Some opted for post-doctoral fellowship programs abroad. Maximum students crack GATE/GPAT, a national-level entrance exam for higher education, and get enrolled in high-ranked Indian research institutes such as NIPER, CSIR, IIT-BHU, IIM Jammu, Panjab University Chandigarh, Jamia Hamdard, DIPSAR, and other central universities. "As an alumna of GCP Rohru, I find myself reflecting on the profound impact this institution has had on my life. Beyond the classrooms and textbooks, it provided an environment of growth, encouragement, and endless possibilities. The dedicated faculty and staff shaped not only my academic foundation but also my character and values. The lifelong friendships I made during my time here have become an invaluable support network. GCP Rohru instilled in me the belief that I could achieve anything I set my mind to, and for that, I will be eternally grateful. It is with immense pride that I carry the name of my alma mater with me, knowing that it has prepared me to navigate the challenges of the real world. Thank you, GCP Rohru, for being the catalyst that propelled me towards a bright and fulfilling future."
