**7.3.1 Portray the performance of the institution in one area distinctive to its priority and thrust within 200 words**

The Govt. College of Pharmacy, Rohru was established in the year 2005, and the 16th batch graduated in the year 2024. The college has established itself as a premier pharmacy institution in Himachal Pradesh and North India with a focus on creating pharmacy professionals with exemplary knowledge and values, the institute emphasizes inclusive and value-based learning. It actively engages students in projects, community services, and extracurricular activities, promoting environmental and societal responsibility. The institute's commitment to quality education is evident through its affordable tuition fees for girls and efforts to spread awareness about scholarship opportunities. The NSS, NCC and Red Ribbon units contribute to fostering patriotism and social responsibility among students, earning recognition for their exceptional services. Despite geographical challenges, the institute fosters research orientation through active involvement in projects, debates, and industrial visits. The institute continues to excel in competitive exams, with high enrollment in higher education and placement records. The dynamic faculty regularly upgrades their skills through various professional development activities.

**Placement of outgoing students during the year**

During the year, a total of 48 students graduated with the Bachelors of Pharmacy degree from the Govt. College of Pharmacy, Rohru. It is evident that not all the students are willing to opt for higher education or govt. jobs, and therefore are not willing to appear for the various examinations for higher education and Govt. jobs. Such students either prefer to join private sector/ industry or start their own business (medical store/ wholesale store, which is an excellent opportunity for pharmacy graduates).

In the academic year 2023-2024, a total of **22 students** appeared for national and state level examination. 21 students appeared for GPAT, 22 students appeared for CUET, and 16 appeared for NIPER JEE.
